The wealth that matters is the wealth that lasts

Not the gain of a quarter, or the headline of the year but the life it builds, the people it shelters, the legacy it leaves.

Wealth of that kind cannot be charted by the waves. It is steered by stars, by a longer view, held steady through every change in the weather.

That is the principle behind **PRU**Vantage Wealth III (SGD)[1], designed to enrich every season of your life, with access to an investment solution **guided by Prudential's Group Chief Investment Office (CIO)**.

Chart

Your wealth journey begins, quietly stewarded above the noise of the markets.

Sail

Your wealth is built for the long voyage, navigating tides and headwinds without chasing the passing wave.

Shore

Monthly income[2], drawn from a course held true. The freedom to ease the pace, without slowing your wealth.

Haven

Support through life's headwinds so the people you love are looked after, whatever the sky brings
